FREQUENT ASKED QUESTIONS	A-35

1. WHAT IS THE JDS SCHOLARSHIP PROGRAMME?

The Project for Human Resource Development Scholarship (JDS) is designed to foster exceptional human resources capable of working to resolve various development challenges in the recipient countries in the future by imparting advanced expertise to JDS Fellows through studying at Japanese universities. JDS contributes to strengthening the partnership between Japan and the recipient country by graduating a wide range of Fellows who have a deep understanding of Japan.

The JDS Programme is now accepting potential applicants wishing to obtain their Master's degrees at Japanese universities during the academic year of 2025-2027. The Graduate Programme will be instructed in English and will take 2 years. the total number of participants from India will be a maximum of 9 per year.

2. FIELDS OF STUDY

The fields of study in the JDS Programme are called Sub-Programmes (target priority areas) and Components (development issues). By obtaining Master's degrees in these fields, JDS fellows selected are expected to acquire the skills and knowledge necessary for formulating and implementing social and economic development plans in India. Japanese ODA is intended in promoting peace, and subjects which may facilitate international disputes and/or risk utilization for military purposes are to be avoided.

The following are Sub-Programme, Component and Corresponding Universities of the JDS Programme in India.

Sub-Programme	Enhancement of Administrative Capacity	
Component	Public Policy/Economic and Industrial Policy/ International Relations	
Background		
<p>India is a country of South Asia that has the seventh largest land area and the biggest population of 1,428.6 million by 2023 (UNFPA estimate, 2023) in the world. Although it is classified as a lower middle-income country (OECD/DAC, 2022/23), it boasts a nominal GDP of approximately US\$3.38 trillion (5th in the world/World Bank, 2022) and a high GDP growth rate of 7.2% (Ministry of Statistics and Planning, India, 2022).</p> <p>The covid 19 pandemic caused an unprecedented global crisis, and India, like other countries, faced many challenges, requiring strengthening the capacity of public institutions, organizational systems, and competency of civil servants to mitigate the crisis and subsequent impact of the pandemic at all levels of central, provincial and local governments.</p> <p>Since then, as the economic impact of the pandemic has eased so that the middle class has returned to pre-pandemic economic levels, demand for better public services has increased, and a competent, motivated, and modern civil service has become essential for the government to achieve its goals of stable growth and inclusion. Reflecting on the fact that past civil service human resource development policies have lacked an understanding of the priorities of national development issues, were sometimes ad-hoc, and did not lead to lifelong learning for civil servants, the Indian government has launched Mission Karmayogi, the world's largest national programme for civil service human resource development led by Hon. Prime Minister, from 2020 onward.</p> <p>JDS Project is expected to develop and enhance the capacity of policymakers and public administrators who can formulate and implement a wide range of public policies in areas such as public finance, economy, industrial development, and international relations while complementing.</p> <p>Through the JDS programme, young leaders are also able to understand the Japanese society, learn about common interests and work towards common goals. The JDS programme creates a system where academic exchanges, which include immersion and exposure to various fields, become a tool for strengthening international relations.</p> <p>JICA's assistance in India covers enhancing connectivity, strengthening industrial competitiveness, and supporting sustainable and inclusive growth.</p>		
	Corresponding Graduate Schools	Maximum Number of Acceptance per batch
	The University of Tokyo The Graduate School of Public Policy (GraSPP) Master of Public Policy, International Program (MPP/IP)	3
	The University of Tokyo Graduate School of Engineering Department of Urban Engineering	2
	Waseda University Graduate School of Asia-Pacific Studies, MA Program in International Relations	2
	Hitotsubashi University School of International and Public Policy, Foreign Policy Sub-Program (Global Governance Program)	1
	Kobe University Graduate School of International Cooperation Studies (GSICS) Special Course for Development Policy	1

3. ELIGIBILITY

Applicants should be/have:

1. Indian nationals.
2. between 22 years of age and 45 years of age as of 1st April of the year of arrival in Japan.
3. a Bachelor's degree,
4. Officials of All India Services and Group A of Central Civil Services, Central Secretariat Service, Central Secretariat Stenographer Service listed below.
5. Have a good understanding of the objectives of the JDS Programme and a clear intention to contribute to the development of India and the strengthening of bilateral relations between India and Japan upon their return.
6. English proficiency sufficient for master's study.
7. in good health, both mentally and physically.

Applicants should not be/have:

1. relevance/relations with the military as per below.

Individuals who fall under the categories (1) to (5) are subject to a procedure of consideration by the Government of Japan.

- (1) those who currently belong to the Armed Forces or other organizations affiliated with the Armed Forces
- (2) those who currently belong to the Ministry of Defense or other organizations affiliated with the Ministry
- (3) those who currently belong to organizations, which its Establishment Acts specify that they come under the jurisdiction of the Armed Forces or the Ministry of Defense in the event of an emergency, such as police, coast guard, etc.
- (4) those who currently do not belong to the above organizations but possess military status (including those who are currently seconded to other organizations from the above organizations)
- (5) those who currently belong to civilian institutions that have been identified as including military institutions within the organization

Moreover, Individuals who fall under the categories below are not eligible to apply

- ✓ those who have military status who are currently attached to the Armed Forces, e.g. main body of the Armed Forces, bodies under the Armed Forces
 - ✓ those who have military status but are not currently attached to the Armed Forces or Ministry of Defense and their affiliated institutions (including those on secondment to other institutions)
2. previously acquired a master's degree after studying abroad on a scholarship awarded by the Government of India or any other development partners.
 3. currently receiving, or planning to receive, another scholarship to acquire a master's or doctoral degree through assistance from the Government of India or any other development partners.
- * JDS Programme will request applicants to declare whether they would be applying to another scholarship at the time of application and the Comprehensive Interview.

List of Eligible Services and their Cadre Controlling Authorities

No.	Services	Cadre Controlling Authorities
1	Indian Administrative Service	Secretary, Department of Personnel and Training, North Block, New Delhi
2	Indian Police Service	Secretary, M/o Home Affairs, North Block, New Delhi
3	Indian Forest Service	Secretary, Ministry of Environment, Forest & CC, Indira Paryavaran Bhawan, Jor Bagh Road, New Delhi
4	Indian Foreign Service	Secretary, Ministry of External Affairs South Block, New Delhi
5	Indian Revenue Service (C&E)	Chairperson, Central Board of Excise & Customs, North Block, New Delhi
6	Indian Revenue Service (Income Tax)	Chairperson, Central Board of Direct Taxes North Block, New Delhi
7	Indian Audit & Accounts Service	Comptroller and Auditor General Office of Comptroller and Auditor General of India, 9, Deendayal Upadhyay Marg New Delhi-110124
8	Indian Railway Traffic Service	Chairman, Railway Board, Ministry of Railways, Rail Bhawan, New Delhi
9	Indian Railway Personnel Service	

10	Indian Railway Accounts Service	
11	Railway Protection Force	
12	Indian Railways Service of Engineers	
13	Indian Railways Service of Signal & Telecom Engineers	
14	Indian Railways Service of Mechanical Engineers	
15	Indian Railway Service of Electrical Engineer	
16	Indian Railways Store Service	
17	Indian Railways Medical Service	
18	Indian Postal Service	Secretary Department of Posts, Dak Bhawan, New Delhi
19	Indian Civil Accounts Service	Controller General of Accounts, C-Wing, 7 th floor, Lok Nayak Bhawan, New Delhi
20	Indian Trade Service	Secretary, Department of Commerce M/o Commerce & Industry, Udyog Bhawan, New Delhi
21	Indian Corporate Law Service	The Secretary, Ministry of Corporate Affairs Shastri Bhawan, New Delhi
22	Indian Information Service	Secretary, Ministry of Information & Broadcasting, Shastri Bhawan, New Delhi
23	Indian P&T Accounts & Finance Service	Secretary, D/o Telecommunication Sanchar Bhawan, New Delhi
24	P&T Building Works Service	
25	Indian Economic Service	Secretary, D/o Economic Affairs, Ministry of Finance, North Block, New Delhi
26	Indian Statistical Service	Chief Statistician of India & Secretary, Ministry of Statistics and Program Implementation, Sardar Patel Bhawan, New Delhi
27	Indian Legal Service	Secretary, Department of Legal Affairs Ministry of Law & Justice, Shastri Bhawan, New Delhi

28	Indian Telecommunication Service	Secretary, Department of Telecommunications, Sanchar Bhawan, New Delhi
29	Central Water Engineering Service	Secretary, Ministry of Water Resource, River Development & Ganga Rejuvenation, Shram Shakti Bhawan, New Delhi.
30	Central Engineering Service (CPWD)	Secretary, Ministry of Housing and Urban Affairs, Nirman Bhavan, New Delhi
31	Central Electrical & Mechanical Engineering Service (CPWD)	
32	Central Architect Service (CPWD)	
33	Central Health Service	Secretary, Ministry Health & Family Welfare, Nirman Bhavan, New Delhi
34	Geological Survey of India	Secretary, Ministry of Mines, Shastri Bhavan, New Delhi
35	Indian Meteorological Service	Secretary, Ministry of Earth Science, Prithvi Bhavan, New Delhi
36	Indian Cost Accounts Service	Secretary, Department of Expenditure, North Block, New Delhi
37	Survey of India Grade A service	Secretary, Ministry of Science and Technology, Technology Bhavan, New Delhi
38	Indian Broadcasting (Programme Service)	Secretary, Ministry of Information & Broadcasting, Shastri Bhavan, New Delhi
39	Central Labour Service	Secretary, Ministry Labour & Employment Shram Shakti Bhavan, New Delhi.
40	Central Secretariat Service (CSS)	Secretary, Department of Personnel and Training, North Block, New Delhi
41	Central Secretariat Stenographer Service (CSSS)	

* JDS Programme values diversity and inclusion. We encourage people of all genders, castes, tribes, classes, and with disabilities to apply.

4. MILESTONES

2024

September-October

Promotion Seminar

Those who are interested in applying can get more information and ask questions at the Promotion Seminars in Delhi and online.

15 Oct to 22 Nov

Preparing and Submitting the Application Documents

- Applicants can select up to two graduate schools to which you would like to apply.
 - Online application must be completed on time. If delayed, the application will be invalid and will NOT be accepted.
 - Form 1 (statement of reference) should be submitted by your work supervisor via online system.
 - Form 2 (nomination form), Notarized Copy of Degree Certificate and Notarized Copy of Official Transcript must be sent to the JDS Project Office by 22nd Nov.
- NOTE: Applicants for University of Tokyo (Engineering) are expected to identify your preferable academic supervisor and discuss your research plan with her/him, which then can be reflected on your application form.

Application Deadline extended to **22 November!!**

by 6 December (UT GraSPP)
by 9 December (Others)

IELTS

- All applicants must take the IELTS Academic Module unless presenting an IELTS Score within 2-year validity (as of 31st May 2025).
- NOTE: Applicants to the University of Tokyo (GraSPP) must submit a copy of TOEFL/IELTS scores through online application by 5pm JST, 6 December.
- NOTE: Applicants to The University of Tokyo (Engineering) and Kobe University may submit Prescribed Form 4 filled by the controlling officer in lieu of the score certificate.
- NOTE: Applicants to Waseda University may submit Prescribed Form 4 filled by the University of graduation /academic supervisor in lieu of a score certificate.
- Examination fee for IELTS is borne by JDS. However, you will be required to pay the examination fee if you cancel the IELTS without prior notification to the JDS Office.

7 December

Mathematics Examination

- Applicants to The University of Tokyo (Engineering) and Kobe University must take the Maths exam.
- The math exam is approximately 60 minutes in duration and consists of arithmetic operations, solving fractions, equations, inequalities, matrixes, basic quadratic functions, basic operations of exponential and logarithmic functions, basic integral and differentiation etc. Applicants to the University of Tokyo (Engineering) will be required to take an additional 30-minute, highly challenging mathematics exam.
- Exam scores will be used for reference purposes during initial selection by the accepting universities.
- You can download the past exam papers from the JDS Website.

1 Nov – 6 Dec

The University of Tokyo (GraSPP) Online Application

- Applicants to UTokyo (GraSPP) must submit online applications separately according to UTokyo guidelines.
- Application Fee (JPY 10,000) will be reimbursed by JDS to applicants who passed preliminary document screening by the JDS office.

Applicants to the University of Tokyo (GraSPP) must submit application directly to the University of Tokyo, in addition to JDS Project Office. Those who apply will go through selections process simultaneously by the University of Tokyo and the JDS Office.

13 / 20 December

The University of Tokyo (GraSPP)

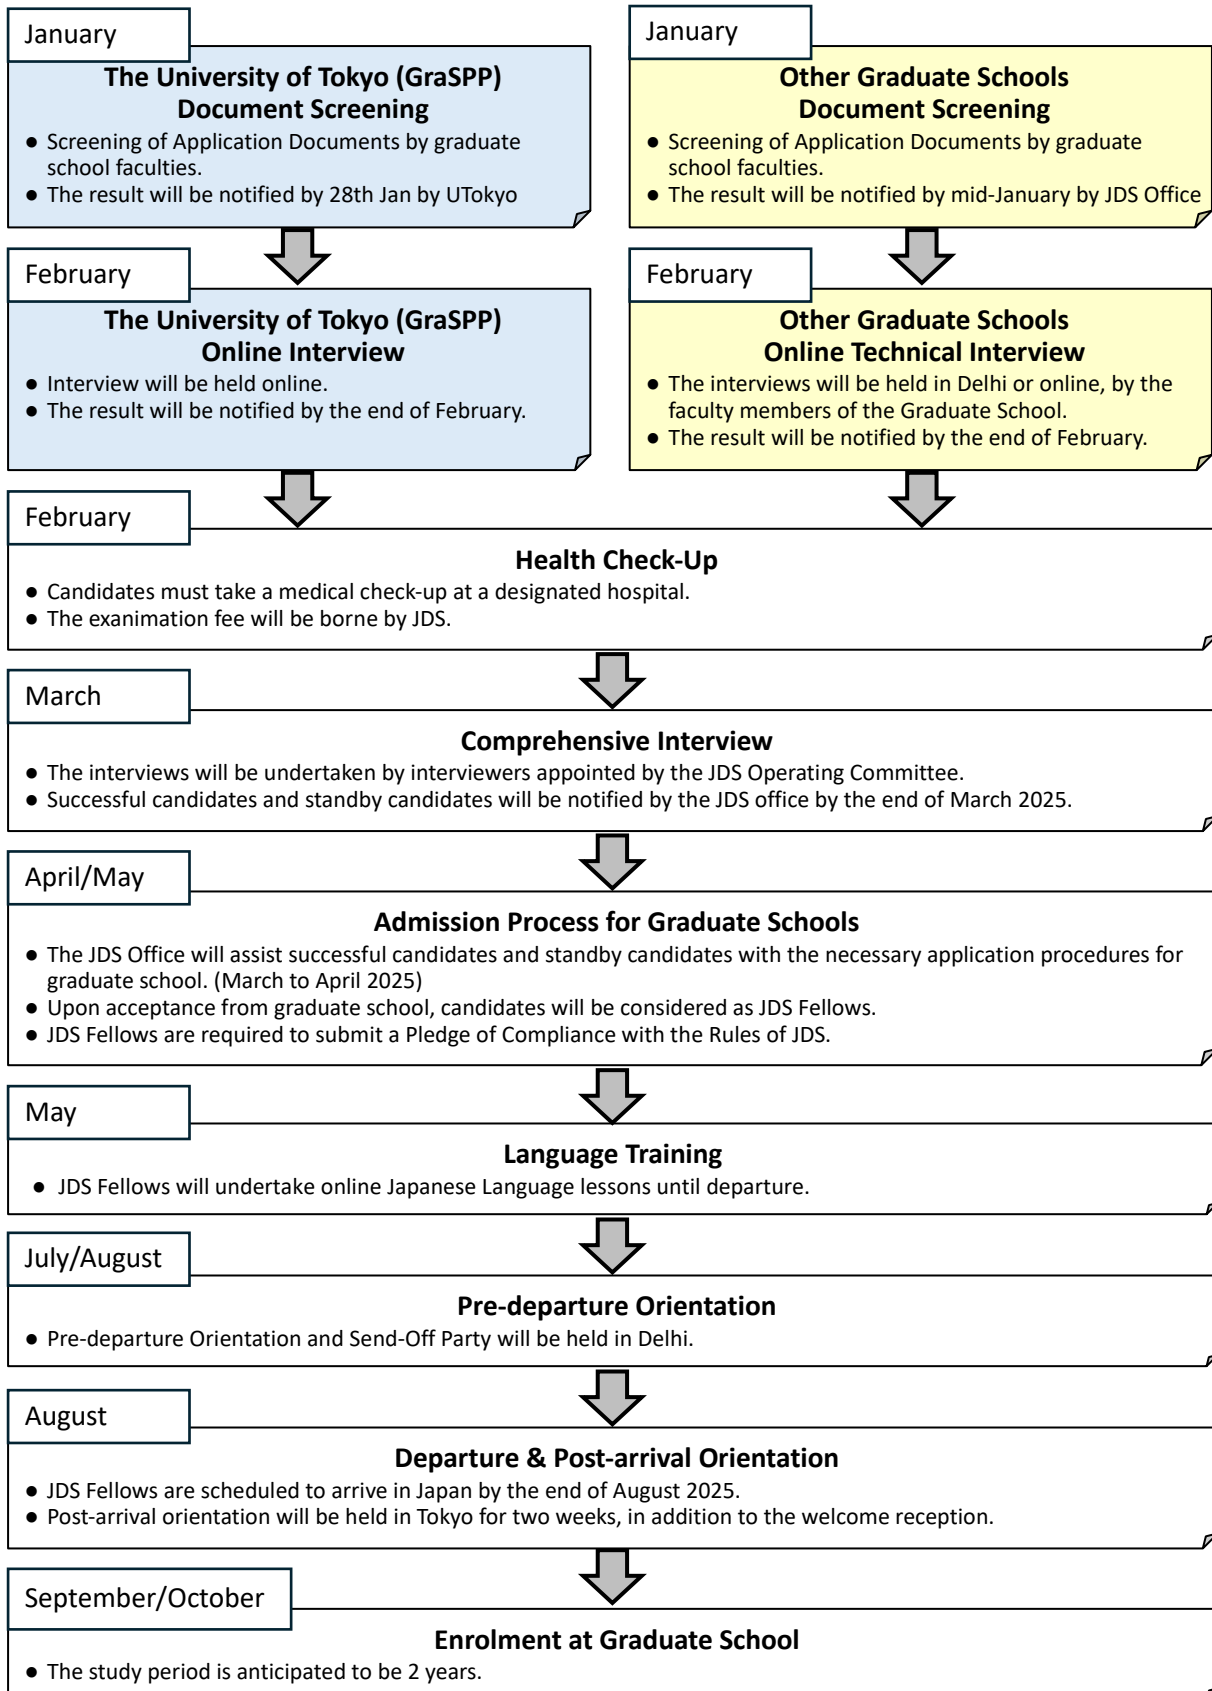

Online Timed Video/Written Assessment

- Online Timed Video/Written Assessment should be submitted by 5:00 pm JST, 13 December.

Submission of Original Documents

- An official transcript, official certificate of graduation, English proficiency test (IELTS/TOEFL) official score report, and GRE General Test official score report should be submitted by 20 December JST.

2025

5. HOW TO PREPARE YOUR APPLICATION DOCUMENTS

Before starting to prepare application documents, you MUST read this section of the Guideline carefully. It will avoid unnecessary disqualification due to missing or incomplete documents or information.

For downloading application documents: <https://scholarship.jds21.com/india/>

1. A reference letter (Prescribed Form 1) should be filled by your work supervisor as a Referee. Follow the procedures a-f shown below:
 - a) Download Prescribe Form1 and Instruction for Referees.
 - b) Request your work supervisor to write a reference letter with sharing Prescribed Form1 and Instruction for Referees. When agreed, get an email address of your work supervisor.
 - c) Login the application system (The Admission Office, TAO) via <https://scholarship.jds21.com/india/>, scroll down the list of application documents shown left side and select "Prescribed Form 1".
 - d) Choose "request" and put the email address of your work supervisor in "Email address of the requestee" and click the "Request". Then it shows "Request Completed". By doing this, your work supervisor will receive an email from TAO, requesting for a reference letter and instructing as to how to send it.
 - e) Follow up your work supervisor to write a reference letter and send it as instructed by the email from TAO.
 - f) After your work supervisor sends the reference letter, you will receive a Confirmation Email.
2. Download Form 2, which needs to be filled by the Cadre Controlling Authority. An official seal is necessary. Scan the filled form and save as PDF in Max 4MB.
3. Download Prescribed Form 3A, 3B, 3C 3D or 3E according to the university you apply to and fill out as instructed. Save as PDF, Max 4MB.

University	Specified Format
The University of Tokyo (GraSPP)	Prescribed Form 3A The length of the statement of purpose must be within 800 words, including the applicant's motivation to apply for MPP/IP, study plan, and future career implications. Contents must be the same as "the

University	Specified Format
	statement of purpose" that you submit directly to the university online.
The University of Tokyo (Dep of Urban Engineering)	<p>Prescribed Form3B</p> <p>Contact an academic adviser you wish to be supervised from the list on the faculty website. Discuss your research plan with him/her and submit it. The length must be 2 to 4 pages. Please attach a 1-2 page abstract of your graduation thesis (and a master's thesis abstract if you have a master's thesis)</p>
Waseda University	<p>Prescribed Form 3C</p> <p>Please read the application guidelines carefully to ensure that your statements include the information that evaluators need to assess your application. The template will guide you. Please delete the blue text and fill out yours.</p> <p>Prescribed Form3D</p> <p>Word limit of 700 words, except references/bibliography and footnotes.</p>

University	Specified Format
Hitotsubashi University	Prescribed Form 3E Write your study plan in about 2,000 words in English, describing your practical experience so far, subjects you plan to study in Foreign Service Sub-program (Global Governance), and how you will use what you learn at the school after graduation.
Kobe University	Prescribed Form 3D word limit of 700 words except for references/bibliography and footnotes

4. Scan the biometrics page (with photo) of your valid passport and save it as a PDF in Max 4MB. Those who are exempt from IELTS may submit scan copy of National ID card (Aadhaar) instead of the passport.
5. Prepare your passport-size digital photo in JPEG (150 dpi or more resolution, 413x531 pixels) in Max 4MB. (Close up your head and top of your shoulders so that your face takes up 70-80% of the photograph, in sharp focus and clear, showing you looking directly into the camera, in front of a plain background, taken within 6 months).
6. Scan attested notarized degree certificates and official transcripts (bachelor's degree and above). Save each certificate/transcript separately as a PDF in max 4MB each.
7. To be exempt IELTS examination, all universities accept the Test Report Form (TRF) of the IELTS Academic Module within two years of validity as of May 31, 2025. Scan and save it as a PDF in max 4MB. Please refer below table to see if universities accept Prescribed Form 4 filled by the controlling officer/an academic supervisor/university in lieu of IELTS TRF.

	IELTS TRF	Prescribed Form 4
University of Tokyo (GraSPP)	✓	Not accepted
University of Tokyo (Engineering)	✓	Prescribed Form 4 filled out by the controlling officer at the workplace
Waseda University	✓	Prescribed Form 4 filled by the academic supervisor or the university of graduation
Hitotsubashi University	✓	Not accepted
Kobe University	✓	Prescribed Form 4 filled out by the controlling officer at the workplace

8. Scan a notarized copy of the Certificate of SC/ST/OBC and/or disability save it as PDF in Max 4MB.

9. If you wish to apply to The University of Tokyo (GraSPP), download the application guidelines and prepare all necessary documents accordingly. Then submit application directly to the University of Tokyo as instructed, in addition to JDS Project Office.

The University of Tokyo (GraSPP) General Information:

<https://www.pp.u-tokyo.ac.jp/en/mppip/admissions/general-information/>

The University of Tokyo (GraSPP) Application Guidelines:

<https://www.pp.u-tokyo.ac.jp/wp-content/uploads/2018/11/protected-2025-MPPIP-Application-Guidelines.pdf>

6. HOW TO SUBMIT YOUR APPLICATION DOCUMENTS

1. Access to the online application system from the JDS India Official Website (<https://scholarship.jds21.com/>) from **15th October at 12:00 noon to 22nd November 2024 at 17:00.**

Regarding the details of the information, you will fill in through the above online application system, please refer to the Application Form section at the end of this guidelines.

2. Submit hard copies of the following documents that you digitally submitted to the JDS Office by 22nd November 2024. You may send them by post/courier.
 - Prescribed Form 2
 - Notarized copy of your degree certificates (bachelor and above)
 - Notarized copy of your transcripts (bachelor's and above)

Please note that late submission and/or incomplete application documents shall result in automatic disqualification. Application documents will NOT be returned for any reason.

Once an application has been accepted, it cannot be withdrawn. However, in exceptional circumstances, if the applicant wishes to withdraw the application, a written withdrawal request from the nominating organization must be submitted to the Operating Committee.

7. GUIDANCE FOR PREPARING A RESEARCH PLAN

Among all application documents, your research plan is the most important document because it can determine your admission to the university. Here are some tips on how to prepare a good research plan.

(1) Selecting your research topic

Selecting a good research topic is very important to be selected as a JDS Fellow. Checking the following points is strongly suggested:

- Is your research topic in line with Sub-programme/Component of JDS Programme?
- Is your research topic important for the socio-economic development of your country?
- Is your research topic related to your current duties and/or future career plan? It is desirable to discuss your research plan with your immediate supervisors upon application.
- Does your research topic contribute to achieving your organizational goal?

a) Selecting your graduate school

Read "Graduate Course Outline" in the appendix of the JDS application guideline or visit the website of the graduate school; confirm the requirements and characteristics of the graduate programme, and if your research interest is related to the programme. To apply to the JDS Programme, you can choose two graduate schools from the list of corresponding universities.

b) Check the list of faculty members

Confirm if any faculty member whose field of expertise coincides with your area of interest, and if he/she can guide you as a possible academic supervisor. Please note that only professors and associate professors can supervise your research in most graduate schools. Therefore, do not expect a lecturer as your possible academic supervisor.

You are advised to read three or more academic publications of the potential academic supervisor; find out if the potential academic supervisor's research approach is suitable to your research topic and if your research topic would be academically attractive to the faculty members of the graduate school.

(2) Understanding the Meaning of Research

Before you prepare a research plan, understanding the nature of research is essential. Research is defined as the creation of new knowledge and/or the use of existing knowledge in new and creative ways so as to generate new concepts, methodologies and understandings. This could include synthesis and analysis of previous research to the extent that it leads to new and creative outcomes¹. In other words, you have to know that your research findings are new to the world. Document survey that you read past academic papers related to your research paper is important.

You are also recommended to think about the time frame of your research in Japan. Generally, in your first year, you will attend many courses to learn the basic ideas and analytical techniques, academic writing skills, etc., while you will develop your research plan with your supervisor. In your second year, you will conduct your actual research (data collection, analysis, experiment, writing thesis, etc). Your time to complete your research is limited. Reading several master theses in your field will also help you to formulate a more realistic research plan.

In conclusion, selecting a good research topic is crucial, before you start preparing the research plan; read previous academic papers related to your research topic, and confirm that your research findings are new to the academic world; think about the time frame that you can complete your research studies.

(3) Writing a Research Plan

Faculty members of the graduate school you apply to will read your research plan to evaluate the significance and potential of your proposed research plan. It is suggested that, at minimum, you include the following elements when you formulate your research plan:

a) Statement of the problem/s

State the critical/problematic situation in your country that you are concerned about from the global or national perspectives, referring to relevant statistics or general information. It is essential that the problem/s should be related to the JDS component you choose.

¹ https://www.westernsydney.edu.au/research/researchers/preparing_a_grant_application/dest_definition_of_research

b) Purpose of your study

Describe the aim of your research, what you want to identify, or what hypothesis you want to prove in your research.

c) Research questions

Describe the questions, as well as sub-questions, which you will address in the research in order to analyse the research topic.

The research question is the key and core of your research plan. It is a question that you will aim to answer in your research paper. So, you should spend more time developing and elaborating on the question.

The research questions should:

- Focus on a single problem/issue
- Be specific, clearly defining its concept
- Be researchable using qualitative/quantitative data
- Be feasible within the given timeframe/constraint
- Be appropriately complex requiring in-depth investigation
- Be relevant in terms of meeting the organizational issue/developmental issue of your country.

d) Rationale

Describe why your research deserves to be conducted by showing how critical the present situation is, what kind of positive socio-economic impacts can be led by your research, how you can contribute to the solution of the critical situation with the results of your research, etc.

e) Methodology

Describe what kinds of methods you will apply to your research: either qualitative or quantitative research methods. If you will use qualitative methods, describe who the possible respondents will be, how you will collect primary data, how to analyse collected data, etc. If you will use quantitative methods, describe what data set you will use, where/how you will get the data set, how to analyse, etc.

f) Expected outcome

Describe the expected outcome from your research, and how the results will be utilized after your return to your country.

g) How to ensure liability/accuracy and limit (if you can state)

h) Reference

To prove that your problem statement is not based on your own subjective view/opinion, but general/objective fact which has been statistically proven, or stated in a past publication, you must use existing data or someone else's idea. On that occasion, you will have to state the source of data and information. For example,

In your text:

'According to Human Development Report (UNDP 2014),....' or 'Based on Sen's "Entitlement Approach" (Sen 1981a, b),'

In the attached references:

'Sen, A. K. 1981a. "Ingredients of Famine Analysis: Availability and Entitlements." Quarterly Journal of Economics, Vol. 95, pp. 433-464.' or 'UNDP. 2014. Human Development Report. UNDP: NY.

i) Bibliography

Present the list of all the sources you used to prepare research plan, including those cited in your research plan as well as those you did not cite.

(4) Other Checkpoints

After you prepare your research plan, you should check the items below.

- Does your research plan address important policy questions for your country?
- Will your research results contribute towards solving or clarifying policy questions important for your country?
- Does it provide convincing reasons why the research questions described in your research plan are important or will be important in the future? (Try to answer these questions by checking policy discussions and documents as carefully as possible and by finding the important policy questions yet to be resolved)
- Does your research plan show that you are strongly motivated to implement your research successfully?
- Does the research plan show who will benefit from your research results?
- Will your research help you to participate more effectively in the development process of your country, particularly in the policy-making

process, after you graduate? (Include information about your current responsibilities in the government)

- Is your research plan focused on a specific issue rather than being vague?
- Is your academic background strong enough to implement your research plan?
- Is your job experience sufficient enough to enhance your research plan during your study?
- Can you contribute to the enrichment of the programme of the graduate school through your research?
- Are you willing to share your academic interest through your research with your co-students and professors?
- Is your research plan written within 700 words and met the Specified Format with Applying University?

(5) Confirmation of No Plagiarism

Whether you intend to or not, plagiarism DOES affect your selection result, because it is an act of academic dishonesty and a breach of academic writing ethics.

You are prohibited to 'copy & paste' from articles published on the internet/magazines/books written by other people without reference. If you want to use someone else's ideas or work, you will have to refer to it by writing all necessary information as data sources. Otherwise, your research plan can be considered plagiarism, and you might never be admitted to any graduate school. You are strongly recommended to verify your research plan with a plagiarism detection tool before submission.

8. IMPORTANT RULES AND REGULATIONS FOR JDS FELLOWS

The JDS Programme has rules and regulations that each Fellow should comply with. Before arriving in Japan, JDS Fellows are required to pledge that they will comply with these rules. The major rules are:

- ✓ The JDS scholarship will be cancelled if a Fellow fails to arrive in Japan on the designated date. Late/early departure to Japan will not be accepted under any circumstances.
- ✓ JDS Fellows are recommended to invite their dependents (spouse/children) members to Japan after three months after arriving in Japan and as well as

after the date of enrolment to your graduate school. Subsequently, all procedures required for dependents to accompany Fellows in Japan shall be carried out by the Fellows/dependents themselves.

- ✓ JDS Fellows must NOT violate the laws of Japan and/or regulations of the graduate school.
- ✓ JDS Fellows are NOT allowed to enter a doctoral course proceeding consecutively from the completion of their Master's degree. Application for doctoral courses during the JDS fellowship is prohibited.
- ✓ JDS Fellows are not allowed to drive motor vehicles while in Japan. JDS Fellows are forbidden from undertaking part-time work or paid internships.
- ✓ JDS Fellows MUST return to India immediately upon completion of the master's programme.
- ✓ Upon obtaining Master's degree, JDS Fellows should come back to India and work for the Government of India according to its regulation and, on completing the master's degree, contribute towards the further development of India.

9. BENEFIT TO BE PROVIDED TO JDS FELLOWS

The Scholarships and other allowances as of September 2024 are shown in the table below:

Benefit	Frequency	JPY
Round-trip air ticket and other transportation fees (Tickets are provided by JDS)	Once for a trip to Japan and once for return to India	Approx. 146,931
Travel insurance (Arranged by JDS)	Annual	477,810
Outfit Allowance	Once, upon arrival in Japan	100,000
Housing preparation allowance	One time	224,000
Scholarship	Monthly after arrival in Japan	147,000
Subsidiary Allowance for Purchase of Books	Twice (Once every 12 months after enrollment in university)	30,000
Traveling and Seminar Allowance	Twice (Once every 12 months after enrollment in university)	50,000
Research Support Allowance	One time	200,000
Admission fee (Directly settled by JDS)	One time	282,000- 300,000
Tuition fee (Directly settled by JDS)	Annual	535,800- 1,376,000
Summer Preparatory Program (Directly settled by JDS)	Once (Only UTokyo (GraSPP))	300,000

Kindly note that your dependents may accompany you to Japan, but their travel costs and expenses will NOT be covered.

10. INQUIRIES

If you have any questions, please contact the JDS Project Office in India.

- Brochure (2024-2025)
<https://www.pp.u-tokyo.ac.jp/en/mppip/mppip-brochure-2024-2025>

Features of the University

- The University of Tokyo (UTokyo) was established in 1877 as the first national university in Japan. Since then, UTokyo has been a leader in research and higher education and renowned for its international level of advanced study.
- UTokyo has a strong connection with the Japanese government. It is the top university to produce leading public policy practitioners.
- The UTokyo India Office is in New Delhi. It serves as a base for the AKAMONKAI (UTokyo alumni association) of India, which holds alumni gatherings and other events.

Features of the Graduate School

- About 50% of the student body comprises international students from over 30 countries (both advanced and emerging economies). Student backgrounds are equally diverse:

those who have just completed undergraduate studies and professionals from various public and private sectors.

- We accepted officials from the Reserve Bank of India and the Ministry of Finance, among others, to study at GraSPP.

Features of the Program

- While GraSPP does not have an academic adviser (mentorship) system, two academic advisers are assigned to offer guidance and advice on learning and research beyond individual course enrolments. Teaching assistants provide support on learning methods in many subjects. Students writing a thesis or research paper are supervised by a faculty member with expertise in the subject of students' choice.
- Master of Public Policy, International Program (MPP/IP) offers two policy streams: Economic Policy, Finance, and Development (EPFD) and Public Management and International Relations (PMIR). Both streams require the completion of core courses in law, political science, and economics as a foundation for enhancing practical skills. In addition, students must take topic courses to acquire advanced expertise, practical training courses for real-world application, and case studies to improve policy analysis skills.
- Considering practical orientation, MPP/IP offers internship opportunities at public institutions (e.g., OECD, Asian Productivity Organization), think tanks (e.g., Asian Development Bank Institute), and private

companies. The responsible faculty members judge whether to recommend the applicants for internships through document screening and interviews, match them with internship sponsors, and give advice to students.

- The program provides an environment for learning alongside Japanese and international students (including young and mid-career students) who are expected to be future leaders.

Curriculum

Required credits

https://www.pp.u-tokyo.ac.jp/wp-content/uploads/2016/01/e_02-Completion-Requirements2024.pdf

Course subjects

- Examples of subjects related to India's development issues (public policy / economic and industrial policy / international relations) are as follows (in the 2024 academic year).

<Public Management>

Policy Process and Negotiation
Governance and Development
Politics and Public Policy
Introduction to Public Management
Japan's Modernization Experience and Its ODA Policy

<International Relations>

Introduction to International Politics
New Dimensions of Security in the Risk Age
Strategic Communications and International Politics
Transformation of Warfare and Technology
Global Governance
Global Political Economy

<Economic Policy>

Foundation Courses of Economics
(Microeconomics for Public Policy,
Macroeconomics for Public Policy, Statistical
Methods)
Economic Analysis of Public Sector
Energy Security
Foundations of Development Economics
Topics on Modern Japanese Economy
Sovereign Debt
Labor Economics
Monetary Policy

<Case Studies>

Case Study (Public-Private Partnerships)
Case Study (Impact Investing Trends in
Asia)

Case Study (Japanese Foreign Economic
Policy)

Case Study (Leadership and Management at
International Financial Institutions)

Case Study (GraSPP Policy Challenge:
Global Innovative Public Policy Solutions)

<Practical Training>

Presentation and Discussion
Social Design and Global Leadership
Exploring a New Global Governance in the
Changing Geopolitical Dynamics

Training in research and analytical and presentation skills

- During the orientation at enrolment, academic staff explain course registration procedures, while faculty members guide course enrolment and research ethics. A math placement test is conducted upon enrolment. Students are encouraged to take "Mathematics for Public Policy."
- Many topic courses, practical training courses, and case studies introduce report writing and presentation to evaluate student performance.
- We encourage students to enrol in such practical training courses as "Introduction to Academic Writing" and "Presentation and Discussion."
- Students can earn credits by writing a research paper and/or a thesis, which requires oral examinations for evaluation.

Academic Schedule

Academic calendar 2024

<https://www.pp.u-tokyo.ac.jp/wp-content/uploads/2016/01/GraSPP-Academic-Calendar2024.pdf>

Student Support System

- Our staff members possess working-level proficiency in both spoken and written English. International student advisers are tasked with facilitating various aspects of daily life, such as securing housing, applying for scholarships, assisting students in enrolling in courses at the Japanese Language Education Center, and addressing other related concerns. They also offer individual counselling to students in need.
- The Student Council leads new students and creates a guidebook for living and studying. They provide learning support through online apps, run a mentoring system, and organize exchange events.

- Our student lounge comprises self-study and computer rooms, discussion spaces, and a reflection room designed to accommodate all religious customs.
- As part of a university-wide initiative, the Counselling Support Research and Development Center offers consultation services on psychological problems, mental health, study strategies, career planning, and employment. The Health Center provides free health checkups. The International Education Support Office also offers multilingual consultation (in Japanese, English, and Chinese) on various aspects of life, study, cultural adaptation, career paths, and other related matters. They provide round-the-clock services for hospital referrals, medical consultations, and interpretation services over the phone. The Japanese Language Education Center offers three types of Japanese language courses: general, intensive, and short-term.
- The student cafeteria accommodates Halal and vegetarian meals.

NOTE for Applicants

In addition to the application to JDS Online (as explained above in section 5 & 6), you need to simultaneously submit your application documents directly to the University of Tokyo Graduate School of Public Policy (GraSPP) online under your responsibility. Those who apply will go through selections process simultaneously by the University of Tokyo and by the JDS Office.

For details, please refer to:

Features of the University

- The University of Tokyo was established in 1877 as the first national university in Japan. Since its establishment, UTokyo has been a leader in research and higher education as the most difficult university to enter in Japan. It is also renowned for its international level of advanced study.
- The UTokyo's Faculty of Engineering has overseas exchange partnerships with eight universities in India. (IIT Kharagpur, IIT Kanpur, IIT Delhi, IIT Hyderabad, IIT Madras, IIT Bombay, IIT Roorkee, and IIM Bangalore.)
- The University of Tokyo India Office is in New Delhi. It serves as a base for the AKAMONKAI (UTokyo alumni association) of India, which holds alumni gatherings and other events.

Features of the Graduate School

- The educational and research objectives of the department are to develop human resources who will acquire systematic knowledge of Urban Engineering and its application techniques, and who will become experts in Urban Planning, Urban Design, Urban Transportation Planning, Urban Analysis, Environmental Design, Urban Environmental Engineering, Urban Water Systems, International Urban Environment, and Urban Management, and to contribute to the sound development of national land and regional society from a global perspective, taking into account the diversity of regional climates and social cultures.
- As of May 2023, there are 8 Indian students enrolled in the master's program and 24 in the doctoral program at the Faculty of Engineering.
- As of February 2024, there are 107 master's students majoring in Urban Engineering, 26 of whom are international students receiving instruction in English.

Curriculum

Features of the Curriculum

- The Urban Planning Course offers study in areas such as Urban Land Use Planning, Urban Design, Urban Transportation, Collaborative Community Design, Housing and Urban Analysis, Environmental Planning and Design, Urban Information and Safety Systems, and International Development and Regional Planning.

- The Urban Environmental Engineering Course covers areas such as Urban Water Systems, Water Environment Technology, Environmental Public Health Engineering, Urban Sustainability Science, Environmental Risk Management and Quality Control Technology, and Regional Circulating and Ecological Systems.

Project Research / Master's Thesis

- Each student is assigned a primary advisor (or one or two secondary advisors, depending on the laboratory system). The theme of the master's research is set in consultation with the supervisor and the student.
- In addition to close research guidance through regular meetings with the supervisor, students have opportunities to expand their knowledge in the field through seminars held in each laboratory.
- Twice a year, at the end of each semester, students present the progress and results of their research in front of all faculty members (and students) of the Urban Planning Course or Environmental Engineering Course and answer questions. This is an opportunity for students to obtain advice from faculty members in other laboratories and to broaden their knowledge of other students' research.
- The research areas of the Urban Planning Course faculty members include Urban Land Use Planning, Urban Design, Housing and Urban Analysis, Urban Information and Safety, International Development and Regional Planning, Urban Transportation, Collaborative Community Design, Environmental Planning and Design, Spatial Planning and Design, Social Safety System., etc.
- The research areas of the Urban Environmental Engineering Course faculty members include Environmental Risk Management and Quality

Control Technology, Water Environment Technologies, Urban Water Systems, Regional Circulating and Ecological System, Urban Sustainability Science, Social Ecological System, Environmental Public Health Engineering, and Sewerage System Innovation, etc.

Academic Schedule

Academic Calendar 2023

<https://www.due.t.u-tokyo.ac.jp/english/edu/timetable/>

Student Support System

- (i) There are weekly meetings in each laboratory, close thesis guidance with academic advisors, and a tutor system to support learning and daily life.
- (ii) The Graduate School of Engineering's International Promotion Division has an International Student Support Team and an International Exchange Team, which support international students. There is also a Japanese language class. All of our staff members speak English, and we also have full-time staff who speak other languages.
- (iii) International student advisors advise on visas, housing, daily life, private scholarships, etc. Additionally, counselling is provided to all newly admitted international students during the first semester.
- (iv) The student cafeteria accommodates Halal and vegetarian meals.
- (v) The Hongo Campus has a Japanese education program for international students majoring in the Graduate School of Engineering and a Japanese education program for spouses of international students.

NOTE for Applicants

- You **need** to take Math Exams.
- The master's program in Department of Urban Engineering is not a taught course, but **a research-based course**, which puts more focus on in-depth research and writing. Therefore, before applying, you need to 1) identify the most suitable supervisor who can guide your research and 2) contact and consult with him/her to write a research plan (Prescribed Form 3B). To find a supervisor, check the list of faculty on the following page. When you contact him/her first time, please CC your email to the JDS Project Office (jds.india@jds21.com) which enable JDS to assist you.

- In addition to a research plan, you need to submit a 1-2 page abstract of your graduation thesis (and a master's thesis abstract if you have one). See Prescribed Form 3B.

List of Faculty Members (<https://www.due.t.u-tokyo.ac.jp/english/lab/faculty/>)

1. Urban Planning

Name	Research Area	Laboratory
ASAMI, Yasushi Professor, Ph.D.	Housing policy, habitation system engineering, spatial structure of residential areas, residential environment	<u>Housing and Urban Analysis Research Unit</u>
DEGUCHI, Atsushi Professor, D. Eng. ⁴	Urban design, urban redevelopment, compact city, area management	<u>Spatial Planning and Design Laboratory</u>
HINO, Kimihiro Associate Professor, Ph.D.	Urban dwelling, CPTED (crime prevention through environmental design)	<u>Housing and Urban Analysis Research Unit</u>
HIROI, U Professor, D. Eng. ²	Urban disaster mitigation, risk engineering	<u>Urban Information & Safety System Unit</u>
Iida, Akiko, Project Lecturer, Ph.D.	Landscape planning and design, urban ecology	<u>Environmental Planning and Design</u>
KATO, Takaaki Professor, D. Eng. ³	Planning and engineering for social safety system, community-based planning for disaster mitigation	<u>KATO Takaaki Lab, ISS</u>
KOIZUMI, Hideki Professor, D. Eng.	Urban land use planning	<u>Collaborative Community Design and Planning</u>
MANABE, Rikutarō Professor, Ph.D. ¹²	Information for planning, machizukuri digital transformation, citizen participation for planning	<u>Urban Land Use Planning Unit</u>
MURAYAMA, Akito Associate Professor, Ph.D.	Planning, community development, planning methodology	<u>Urban Land Use Planning Unit</u>
NAKAJIMA, Naoto Professor, Ph.D.	Urban design, theory of urbanism, planning history	<u>Urban Design Lab</u>
NAKAJIMA, Hiroki Project Lecturer, Ph.D.	Urban governance, regenerative design	<u>Collaborative Community Design and Planning</u>
NISHI, Hayato, Project Lecturer, Ph.D. ¹⁰	Spatial statistics, housing & real estate market analysis	<u>Housing and Urban Analysis Research Unit</u>
PARADY, Giancarlo Lecturer, Ph.D.	Urban transportation planning, activity-travel behavior analysis	<u>Urban Transportation Research Unit</u>
SADAHIRO, Yukio Professor, D. Eng. ¹	Geographical information systems, spatial analysis	<u>Housing and Urban Analysis Research Unit</u>
SETA, Fumihiko Associate Professor, Ph.D.	National and urban planning, regional development, global cities	<u>International Development and Regional Planning Unit</u>
SHO, Kojiro Associate Professor, Ph.D.	Urban space in Asian cities, gentrification theory, participatory planning	<u>International Development and Regional Planning Unit</u>
TAKAMI, Kiyoshi Associate Professor, D.Eng.	Urban transportation planning, integrated planning of transport and land use	<u>Urban Transportation Research Unit</u>
YAMAZAKI, Takahiro, Project Lecturer, Ph.D. ¹¹	Landscape planning	<u>Environmental Planning and Design</u>

2. Urban Environmental Engineering Course

Name	Research Area	Laboratory
FUJITA, Tsuyoshi Professor, D. Eng.	Regional SDGs, Environmental system, regional circular and ecological system, urban industrial symbiosis	<u>Regional Circulating and Ecological System</u>
FUKUSHI, Kensuke Professor, Ph.D. ⁵	Hazardous material management, risk management, regional water environment management	<u>Urban Sustainability Science Laboratory</u>
HASHIMOTO, Takashi Associate Professor, D. Eng. ⁷	Water treatment technology, water system in Asia	<u>Environmental Public Health Engineering</u>
KASUGA, Ikuro Associate Professor, D. Eng. ²	Environmental microbiology, biological water/wastewater treatment	<u>Water Environment Technology</u>
KATAYAMA, Hiroyuki Professor, D. Eng.	Water quality public health, waterworks engineering, environmental microbiology	<u>Environmental Public Health Engineering</u>
KATO, Hiroyuki Project Associate Professor, D. Eng.	Sewerage system, water environmental policy and business, sewerage resource utilization	<u>Sewerage System Innovation</u>
KAZAMA, Shinobu Associate Professor, D. Sc. ⁴	Environmental virology, water environmental engineering, environmental and sanitary engineering	<u>Social Ecological System</u>
KITAJIMA, Masaaki Project Professor, D. Eng. ⁷	Environmental virology, wastewater-based epidemiology, microbial risk management	<u>International Wastewater-based Epidemiology</u>
KURISU, Futoshi Professor, D. Eng. ⁷	Microbial ecology for environmental engineering, groundwater /soil remediation, biological water/wastewater treatment	<u>Water Environment Technology</u>
KURISU, Kiyoo Associate Professor, D. Eng.	Pro-environmental behavior, environmental system evaluation, low carbon society, waste management	<u>Urban Sustainability Science Laboratory</u>
NAKAJIMA, Fumiyuki Professor, D. Eng. ⁶	Ecotoxicity evaluation, water chemistry, contaminated sediment management	<u>Environmental Risk Management and Quality Control Technology</u>
NAKATANI, Jun Associate Professor, D. Eng.	Life cycle assessment, material flow analysis, resource circulation system	<u>Regional Circulating and Ecological System</u>
OGUMA, Kumiko Professor, D. Eng.	Water treatment technologies, water supply systems, environmental microbiology	<u>Urban Water Systems</u>
ONUKI, Motoharu Associate Professor, D. Eng. ⁴	Environment and sustainability, disaster and sustainability, sustainability education	<u>Social Ecological System</u>
SATOH, Hiroyasu Professor, D. Eng. ⁴	Environmental microbiology, environmental chemical analysis, biological wastewater treatment	<u>Social Ecological System</u>
SYUTSUBO, Kazuaki Professor, D. Eng. ⁹	Appropriate wastewater treatment, anaerobic digestion, technology evaluation and implementation	<u>Urban Water Systems</u>
TAKIZAWA, Satoshi Professor, D. Eng.	Water supply engineering, water and wastewater treatment	<u>Urban Water Systems (Sewerage System Innovation)</u>
TOBINO, Tomohiro Associate Professor, D. Eng.	Biological wastewater treatment, environmental microbiology, sewerage	<u>Environmental Risk Management and Quality Control Technology</u>

Waseda University

Graduate School of Asia-Pacific Studies (GSAPS)

Address: Nishi-Waseda Bldg.7F, 1-21-1 Nishi-Waseda, Shinjuku-ku,
Tokyo 169-0051 JAPAN

Features of the University

Waseda University was founded as Tokyo Senmon Gakko (Tokyo College) in 1882. Since its foundation, the university has proactively opened its doors to international students. Waseda University is now known around the world as one of the top universities in Japan. It has produced eight prime ministers so far, and its alumni are widely active in various fields, not only in Japan, but also on the world stage. The university continues to create new eras and culture through education and research activities of a global standard.

Features of the Graduate School

The Graduate School of Asia-Pacific Studies (GSAPS) was founded in April 1998. The mission

of GSAPS is to assess and analyse the Asia-Pacific region from a broad analytical perspective. GSAPS is a cross-disciplinary school that has "International Relations", "International Development/ Policy Studies", and "Area Studies", and is one of the few educational institutions in the world that offers an interdisciplinary International Relations programme for training students in three specializations.

Features of the Programme

In the Programme of MA in International Relations, students focus on one area of three specializations - "International Relations", "International Development / Policy Studies", and "Area Studies", but at the same time can take courses in all three areas.

GSAPS offers many courses that are especially useful for the study of effective policy administration in India. GSAPS provides guidance to JDS fellows from India in the following ways. In the field of economic policy, GSAPS helps JDS students to acquire the skills necessary for conducting practical research, analysis, and the construction of policy recommendations so that they can contribute to the fostering of international economic ties with India's neighbouring countries in South Asia, China, and emerging economies in Southeast Asia and Northeast Asia.

Curriculum

Required Credits

Core Courses	22 credits
Basic Courses	
Advanced Courses	
Courses offered by another institution	
Project research / Master's thesis	8 credits
Total	30 credits

Research Ethics

Master's students are required to take the JSPS "eLCoRE" course in the first semester (within one month of enrolment). Details will be provided by the office, but please make sure to take the course promptly.

Project Research (8 credits) / Master's Thesis

Project research is carried out in seminar style. Under the instruction of their academic advisors, students learn and master skills to prepare and complete their thesis, to compile, analyse and review relevant information fully and to understand the research methodology.

Course Name	Instructor
Area Studies	
Politics and International Relations of China	AOYAMA, Rumi
Politics and International Relations in Northeast Asia	BUKH, Alexander
Economy, Culture and Society of Asian Cities	ENDO, Tamaki
Society & Culture in Asia-Pacific	GAGNE, Nana Okura
Globalization and Socio-Cultural Change	LIU-FARRER, Gracia
Politics of Religion, Culture, and Gender, Politics in Southeast Asia	MIICHI, Ken
Popular Culture in Asia	NAKAJIMA, Seio
International Relations	
Europe and Asia: Inter-regional Relations	BACON, Paul Martyn
Pacific Settlement of International Disputes	KAWANO, Mariko
East Asian Economies and Industries	NABESHIMA, Kaoru
Law & Organizations in International Relations	SETA, Makoto
East Asia and America, Foreign Policy	SHINOHARA, Hatsue
International Relations and Security in East Asia	UEKI, Chikako

NOTE for Applicants

- You do **not** need math exams.

International Development/ Policy Studies

Economic Development and Policy in Asia	KATO, Atsushi
Peace, Human Rights and Social Development in Less Developed Countries	KATSUMA, Yasushi
International Economics	KIKUCHI, Tomoo
Global Sustainability and International Development Cooperation Studies	MATSUOKA, Shunji
ICT and Media Studies	MITOMO, Hitoshi

* Since the above information may change, please visit [GSAPS website](#) for the latest information.

Academic Schedule

Academic Calendar 2024

Facilities

GSAPS Library	Mon.-Fri. (9:10-21:00)
Student Dormitories	Please refer to the following website and contact the "Residence Life Center", if you have any inquiries regarding dormitories and housing. https://www.waseda.jp/inst/rlc/en/

Student Support System

GSAPS also has a "TA" system to provide IT environment support such as common PC/printer/network troubleshooting.

Hitotsubashi University

School of International and Public Policy (IPP)

Address: 2-1 Naka, Kunitachi, Tokyo 186-8601 JAPAN

- Faculty Members
<https://www.ipp.hit-u.ac.jp/english/faculty/faculty.html>
- Brochure
https://www.ipp.hit-u.ac.jp/pdf/IPP2023_0619_E_brochure.pdf

Features of the University

Since its foundation in 1875, Hitotsubashi University has been a prestigious national university located in Tokyo, Japan. Over the years, it has expanded its research and teaching to cover all fields of the social sciences. Today, it enjoys a well-deserved reputation as one of the top research universities in Japan. In 2019, it was accredited as one of the few outstanding designated national universities specializing in the social sciences.

Features of the Graduate School

- About 45% of the capacity of international students are accepted every year.
- Our alumni work in public administration, diplomacy, international organizations, and

private sectors. Moreover, the network of alumni is spreading across Asia and contributing to regional cooperation within Asia.

Features of the Program

- A unique master's program specializing in diplomacy and international relations.
- The program has accepted mid-career students from Asian countries and beyond with practical experiences in foreign service and a profound awareness of policy issues, as well as the enthusiasm to play active roles in various areas of the international community.
- The program aims to develop those who are engaging in foreign services in Asian countries and beyond, into higher-informed and skilled professionals in terms of the ability of analysing, formulating and implementing foreign policies.
- Students in this sub-program can complete the Master's program at IPP, by taking courses taught in English.

Curriculum

Features of the Curriculum:

- As part of the curriculum, we offer courses taught jointly by faculty members from different academic fields, such as international relations, economics, and law.
- Faculty members are in the fields of International Security, Nuclear Non-Proliferation, Nuclear Disarmament, International Politics, International Relations in East Asia and Japan's Foreign Policy, International Law, International Criminal

Court, Conflict, Peace Studies, International Institutions, etc.

- Flexibility: Because interests of JDS students are diverse, depending on policy priorities of their countries, Foreign Service Sub-program has more flexibility in curriculum requirement although the necessary credits for graduation remain the same.
- Small-sized classes: Most of the classes are offered in a small group and emphasize discussions and presentations over lectures. It makes it possible for students to have candid and thorough discussions. It helps instructors well grasp needs of each student.
- Action-oriented: It also emphasizes group works. It helps students acquire sense of teamwork, importance of communication, and true friendships, which is important to establish good working relationships.

Project Research / Master's Thesis

From admission, students belong to the seminars assigned to their academic advisors. Until they complete their master's program, they attend one seminar a week and receive research guidance from their academic advisors. Each seminar has four students from each grade and about eight students in total. After considering the student's work history and research field, the program will determine the supervisor. In addition to guiding thesis writing, supervisors also provide course registration guidance and can provide detailed guidance. In addition, many of the supervisors have worked

with various governmental, inter-governmental, and non-governmental actors from across the world, and they understand the backgrounds of JDS students when providing guidance.

Academic Schedule

Academic Calendar 2024

https://www.ipp.hit-u.ac.jp/pdf/R6_timetable_20240401.pdf

Student Support System

- JDS students have access to university facilities just as other students of the School of International and Public Policy. Such facilities include the university library, IPP Common Room, IPP reference room, health centre, etc.
- Japanese students are also acceptable on the Foreign Service Sub-Program. Since the small group teaching policy is adopted, international students can deepen their relationships each other.
- The Japanese Language Education (JLE) Program at the Center for Global Education and Exchange offers courses for beginners, level-specific courses for intermediate and advanced students, and Japanese language courses for social science research.

- International Student Support:
<http://www.kisc.kobe-u.ac.jp/english/>

Features of the University

Kobe University is an academic institution that has continued to encourage forward-looking and independent thinking in working towards our ideal of creating 'harmony between theory and reality'. Based on our spirit of 'integrity, freedom, and cooperation', we seek to build upon our rich academic traditions of pursuing the truth, social implementation, and bolstering people's knowledge and merits. In this way, Kobe University has shored up the foundations of society and revitalized industry and the economy while contributing towards the resolution of various issues facing the world.

In our education, we place great importance upon fostering the diversity, internationality, excellence and adaptability that are necessary to thrive in a new sustainable society. Kobe University will develop its knowledge resources using AI, IOT, big data analysis and fundamental

information technology, producing graduates who are able to create new values and implement them into society. To this aim, Kobe University shall defy the boundaries between academic fields, collaborate with society, and promote practical learning, value creation, and data science education that incorporates the knowledge, skills, and techniques required for industry-government-academia co-creation. In our research, we emphasize autonomy, harnessing intellectual and creative strength to pursue the truth through our fundamental research, as well as working together with local communities on applied research.

Features of the Graduate School

The Graduate School of International Cooperation Studies (GSICS) aims to prepare talented young people to work in international fields and, through their work, to contribute to the international community. At GSICS, we believe that mutual understanding and respect for human rights is essential for peaceful global co-existence and thus strive in our education, research, and community activities to further this goal. In particular, we endeavour to provide students with the multidisciplinary background and expertise that will help them both as researchers and practitioners in the field of international cooperation.

Features of the Programme

To better meet the requirements of a changing world and to make our unique multidisciplinary academic environment available to as many students as possible, the Graduate School of

International Cooperation Studies (GSICS) developed a Master's Program in English for international students where all instruction is conducted in English. As rapid globalization encompasses more and more of the world, English has become an essential aspect of international cooperation in Japan and many other countries. Moreover, in recent years, the Japanese government has given increasingly high priority in its ODA policy to the development of human resources. The Program in English seeks to meet the needs of both the international community and Japan. It takes an interdisciplinary approach, emphasizing not only the study of basic areas such as economic development, political development, international law and international relations but also the ways these disciplines intersect and relate to one another. It is hoped that graduates of the program will become experts in their fields and will contribute toward the development of their countries and international society.

Student Support System

The Center for International Education (International Student Center, April 1993 - March 2016) was established as a university wide research/ teaching facility in April 1993. The Center takes overall responsibility for international students, including providing teaching in Japanese language, Japanese studies, advising on studying and living in Japan, internships career advising, and alumni networking. We are also carrying out research and development aimed at promoting international study exchange programs such as providing support for overseas study for Japanese students registered at Kobe University. In addition, the Center is actively promoting the support of Japanese language teaching, and international exchange programs in the local community, working with regional government agencies, local volunteer organizations, school, companies, etc.

Form 3A: Statement of Purpose for The University of Tokyo (GraSPP)

Statement of Purpose

- * The length of the statement of purpose must be within 800 words, including the applicant's motivation to apply for MPP/IP, study plan, and future career implications.

**Form 3B: Research Plan Format For The University of Tokyo,
Graduate School of Engineering, Department of Urban Engineering
Proposed Research Plan**

Title

Name of Academic Supervisor

Research Plan

Bibliography

Thesis Abstract/s

Please submit the abstract of your graduation thesis, and of a master's thesis, if any (Free Style/ 1-2 pages each)

Form 3C: Research Plan Format for Waseda University

Proposed Research Plan

Please read the application guidelines carefully to ensure that your statements include the information that evaluators need to assess your application. The following template will guide you. Please delete the *grey* text and fill out yours.

a) Title (Maximum 30 words)

Be as explicit, concise and clear as possible.

b) Research background/Literature review (Maximum 175 words)

*State the situation and identify the problems of your country that you wish to investigate from the national and global perspective, using the general information and/or statistics.
Define the field of your study area; your research scope; and the target(s) for investigation.
Describe literature review results relevant to your research.*

c) Relevance and justification (Maximum 350 words)

*For instance, you are expected to explain some of the followings in this part.
State the relation of your research area with the national and sectorial development plan.
State the hypotheses or conjectures of the research outcome.
State how your research outcome will contribute to the solution of the development issues stated in JDS Sub-Programme/Component.
Define your research questions as clearly as possible. Add a diagram or a table highlighting your idea, if applicable.
State if there are any arguments in the field, and how will your proposal differ from existing lines of argument.
Describe in what aspects of your research will be new and unique, as not just repetitions of past research.
State what will be the impact of your research outcome.*

d) Research methods (Maximum 175 words)

*Describe the method how you would support your argument:
Qualitative methods: describe who will be possible respondents, how to collect primary data, how to analyse collected data, etc. and/or
Quantitative methods: describe what data set will be used, where/how you get the data set, how to analyse, etc.*

e) Bibliography

List the books and articles to which you refer in the proposal.

Form 3D: Research Plan Format for Waseda University /Kobe University

Proposed Research Plan

a) Name of University Waseda University Kobe University

b) Title

c) Research Plan (Maximum 700 words)

Form 3E: Statement of Purpose/Research Proposal/ Essay for Hitotsubashi University

Statement of Purpose/Research Proposal

* Please delete the *grey* text in and fill out yours.

Research Topic

Write your research topic here

Write your study plan in about 2,000 words in English, describing your practical experience so far, the subjects you plan to study in the Foreign Service Sub-program (Global Governance), and how you will use what you learn at the school after graduation.

Essay on Your Professional and Other Experience

Please briefly describe professional, academic, and/or social achievements that have influenced your career choice. Paste your essay, written with a computer into this space. Although there is no limit to the number of words you may use, you should write your essay on a single sheet of paper.

Proof of English Language Skill of JDS Scholarship Applicants

I hereby certify that (Applicant Name) completed his/her course at his/her University in the English Language.

Date: _____

Signature: _____

Name: _____

Title: _____

University: _____

Frequently Asked Questions

1. Qualifications/Selections

Q. Do I need to take English and Math examinations?

- A. English exam is required for all applicants. If you can submit a copy of the IELTS or TOEFL certificate issued within two years as of May 31st, 2025, you do not need to take it again. Applicants to The University of Tokyo (Engineering) may submit Prescribed Form 4 Proof of English Language Skill in lieu of the score certificate filled by the controlling officer. Applicants to Waseda University may submit Prescribed Form 4 filled by the University of graduation/academic supervisor in lieu of a score certificate.

Maths exam is required for the applicants for University of Tokyo (Urban Engineering) and Kobe University. The problems in the math exams are similar to those that are given in secondary and senior secondary schools. For further information, please refer to Mathematics Examination on JDS Website.

Q. I am a Master's Degree holder. Can I apply?

- A. Yes, you can apply, unless you obtained your master's degree funded by the Government of India or any other development partners.

Q. I have received a scholarship from another country. Can I still apply for the JDS?

- A. No. If you have ever received (or planning to receive) another scholarship from the Government of India or any other development partners to study abroad, you are NOT eligible to apply. Likewise, if you have already had your master's degree, sponsored by the Government of India or any other development partners, you are also NOT eligible to apply.

Q. I don't speak Japanese. Can I apply to JDS?

- A. Yes, you can. All courses are taught in English in the graduate schools selected for the JDS Programme.

Q. I only have a diploma. Am I eligible to apply?

- A. No. You must possess at least a university degree to apply.

2. Applications

Q. I got transferred to a new organization in mid of March 2021. Can I write my Work Experience below?

Department/Division	From/To (Month/Year)
(Previous workplace)	05/2017 – 03/2021
(Current workplace)	03/2021 -

A. No. Please do not overlap the month. You may write when your current work started from 04/2021 as below.

Department/Division	From/To (Month/Year)
(Previous workplace)	05/2017 – 03/2021
(Current workplace)	04/2021 -

Q. Who should attest degree certificate and academic transcripts?

A. Please submit a copy of the certificate or transcripts after being notarized by a notary public.

Q. I have a master's degree. Can I submit the master's degree certificate attached to the application documents for the Master's Programme?

A. Yes, please.

Q. I have obtained two bachelor's degrees and two master's degrees in the past. I am considering applying for a master's course. Which degree should I submit?

A. Please submit all of them.

Q. How do I prepare a research plan?

A. Please carefully read the instructions written in the Application Guidelines as well as `Guidance for Writing a Research Plan`.

Q. A book or article that I am referring to for writing my research proposal has already been cited in another book/article. Which one should I mention for reference?

A. You need to refer to the source.

Q. Do I need to submit a Prescribed Form2 filled by my CCA at the time of application?

A. Yes.

Q. Which type of passport (private or official) is required for the IELTS application?

A. Either passport is okay.

Q. How do I know if I passed the process of document screening or not? Can I call the JDS Project Office and ask?

A. All applicants who passed or did not pass the screening will be informed by JDS Office. Any inquiries for the result of the selection by applicants are NOT accepted.

Q. Can I have my application documents back if I did not pass the selection?

A. No. All application documents will not be returned.

Q. If I were selected for the JDS Scholarship Programme, what allowance can I receive?

A. As to the allowance you will receive in Japan, please refer to Benefits.

Q. What type of accommodation will I have in Japan?

A. Students can move into either university dormitories or public/private apartments, depend on the availability. In the case of JDS fellows of other countries, they tend to move to public/private apartments, because the university dormitories are often highly competitive to enter, also the term of staying is usually 6 months or one year only.

The rent of the public/private apartments varies from region to region. The rent in suburbs of Tokyo is usually more than ¥45,000 for a single room, and more than ¥55,000 for a family room.

Q. Can I work in Japan?

A. No, you are not allowed to have any job or work, except the teaching or research assistantship which is provided by your accepting University while paid internships are allowed. However, your spouse can work in Japan.

Q. Can I drive automobiles in Japan?

A. No. You are not permitted to drive cars or motorcycles.

Q. Can I stay in Japan after the completion of the JDS Scholarship programme in order to continue my education or be employed in Japan?

A. No, you may not. You must return to India after obtaining a master's degree by the JDS Scholarship Programme.

Q. Can I come back to India or travel overseas for a short-term while I am staying in Japan?

A. Yes, you may come back to India with your own expense and responsibility that doesn't impact your academic work. If you travel overseas for any other reason than thesis research purposes, your scholarship will be suspended from the day of departure from Japan until the day of return in case of private travel. The scholarship will be paid up to 60 days in the case of the thesis research.

Q. Please tell me about the university's support system.

A. It depends on the university in which you are enrolled. Normally, teaching assistant/s and tutor/s will support your studies and academic life. Also, usually a system is in place to support international students in their university life, from daily life consultations to mental health care.

3. Family Related Matters

Q. Is it okay to bring my dependents and stay with them in Japan?

A. Yes, you can stay with your dependents (spouse/children) in Japan, but it is recommended to invite them after 3 months from your arrival in Japan and after the date of enrolment to your graduate school, unless your university prohibits you from doing so. All the procedures required you to do for your dependents' stay in Japan shall be carried out by yourselves. The JDS Programme will not cover the costs necessary for your family: e.g. travel insurance, air tickets, living costs, and VISA. Your family should be taken care of under your responsibility.

Q. Can my wife/husband work in Japan?

A. Yes, your spouse may have a job or work during their stay, up to 28 hours per week.

Q. Can my wife/husband drive automobiles in Japan?

A. Yes, she/he can. Your spouse needs to obtain an international driver's license. The validity of the international driver's license is one year, and she/he needs to be careful about the expiration date of the license.

Q. Will the JDS Programme or universities offer Japanese language course to my family members?

A. No, but we will introduce you to an international exchange centre in each university area which offers Japanese classes at a reasonable price.

Q. About how much will it cost for a nursery school?

A. It depends on local government, and childcare cost will be calculated according to your income. As an example, the childcare cost of one child for scholarship recipient is ¥10,000 in Hiroshima.

Q. How much will be the health insurance for family members?

A. National Health Insurance Fee varies according to the local government you reside in and the size of your family. Fee is calculated based on the income of previous year. So, for example, JDS fellow in Chiba with a spouse pays about 2,500 yen per month.
